H/ADVISORS
Maitland

ROLE: SUMMER 2024 INTERNSHIP PROGRAMME

APPLICANTS ARE INVITED TO JOIN H/ADVISORS MAITLAND FOR THE SUMMER 2024 INTERNSHIP PROGRAMME

There are no specific requirements you must meet in order for your application to be successful, but bright and ambitious applicants able to demonstrate an interest in business and a love of news and current affairs are likely to impress. We are principally seeking candidates who have recently graduated, or, who will be entering their final year of studies in 2024. We are working on a flexible basis, however interns should expect to be in the office the majority of the time.

The programme consists of paid work experience in which you will receive an introduction to communications consultancy and learn about advising businesses on their communications issues. You will shadow experienced consultants and have the chance to assist client teams across our financial and corporate PR, capital markets and public affairs practices.

Our work covers a range of issues, whether it's an organisation facing a barrage of press criticism, planning an investor roadshow or wanting to launch a campaign involving a key piece of Government policy.

SOME OF THE RECENT ISSUES WE HAVE BEEN INVOLVED WITH INCLUDE:

- advising a multinational company on a product recall
- advising a client who was undertaking a hostile piece of M&A activity and acting as their external media spokesperson
- helping a drinks company to articulate their brand and promote their growth story to a wider audience
- preparing a client who was to appear before a Parliamentary Select Committee

ABOUT H/ADVISORS MAITLAND

H/Advisors is one of Europe's leading financial, corporate & political communications consultancies.

We work with leading companies to support them through the demanding process of communicating their strategy, their goals and their performance to the financial markets and the business media.

APPLICATION PROCESS

✉ To apply, please email maitlandrecruitment@h-advisors.global with your CV and a cover letter explaining your interest in attending our internship programme.

The window for applications will close on 31 January 2024. Interviews will take place between February and March, with both in-person and video conference options available, and successful applicants will be invited to take up their place between July and September. There will be some flexibility on dates to enable attendance to fit around academic course dates.
